Michelle O'Neill	Ingersoll Rand
Andriy Kostumbas	URSA Uralita
Tony Ryan	Kingspan

## About EuroACE:

*EuroACE represents Europe's leading companies involved with the manufacture, distribution and installation of energy saving goods and services for buildings. EuroACE members have a total turnover of around €140 billion per year in efficiency-related business and they employ approximately 172,000 people in these activities in Europe. The mission of EuroACE is to work together with the EU institutions to help Europe move towards a more sustainable pattern of energy use in buildings, thereby contributing to Europe's commitments on climate change, energy security and economic growth.*
