EuroACE invites you to an upcoming webinar entitled “*EPC 2.0: Dynamic tools and approaches for ambitious energy renovations*”, which will take place on **Thursday 27 May 2021 (10:00-11:30 CET)** via **GoToMeeting**.

In the context of the ongoing public consultation on the Energy Performance of Buildings Directive (EPBD), we are hosting a series of three webinars entitled “*Future-proof EPBD: let's deliver beyond the Renovation Wave!*” that focuses on different aspects of the EPBD. Our [first webinar](#) explored the introduction of Minimum Energy Performance Standards, their regulatory nature and how these policy instruments fit into the EPBD ‘architecture’ and our last webinar will consider the Smart Readiness Indicator as a way to boost digitalisation of our buildings while improving their data and strengthening their role in smart sector integration.

This second webinar will focus on the update of Energy Performance Certificates (EPC) and other building information tools such as Digital Building Logbooks and Building Renovation Passports (BRP). We will look at how to make EPCs work for end-users and ensure their coherence with deep energy renovations. We will also discuss how to best introduce an EU framework for BRPs and digital building logbooks and integrate them with EPCs, thus driving upwards energy renovation across the EU.

Draft Agenda

10:00 | **Opening remarks and guidance to participants** - Adrian JOYCE, EuroACE

10:05 | **How to deliver user-friendly EPC to consumers?** - Guillaume JOLY, The European Consumer Organisation (BEUC)

10:15 | **Next Generation EPCs: boosting quality and convergence of EPCs towards deeper renovations** - Maïke VENJAKOB on behalf of [QualDeEPC](#)

10:25 | **How to link EPC with building renovation passports and digital logbooks** - Marta Maria Sesana on behalf of [EPC-RECAST](#)

10:35 | **Q&A Session moderated by:** Adrian JOYCE, EuroACE

10:50 | **Creating an EU framework for Building Renovation Passports: what are the needed elements?** - Marion Jammet, Irish Green Building Council

11:00 | **Creating an EU framework for Digital Building Logbooks: what are the needed elements?** - Sophie Dourlens-Quaranta, R2M Solution

11:10 | **Q&A Session moderated by:** Adrian JOYCE, EuroACE

11:25 | **Conclusions** - Adrian JOYCE, EuroACE

About the organisers:

EuroACE - Energy Efficient Buildings

EuroACE represents Europe's leading companies involved with the manufacture, distribution and installation of energy saving goods and services for buildings. EuroACE members employ more than 220,000 people in these activities in Europe and have over 1,100 production facilities and office locations. The mission of EuroACE is to work together with the EU institutions to help Europe move towards a more efficient use of energy in buildings, thereby contributing to Europe's commitments on climate change, energy security and economic growth.
